STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. CORZINE (for himself and Mr. LAUTENBERG):

S. 1096. A bill to amend the Wild and Scenic Rivers Act to designate portions of the Musconetcong River in the State of New Jersey as a component of the National Wild and Scenic Rivers System, and for other purposes; to the Committee on Energy and Natural Resources.

Mr. CORZINE. Mr. President, today, along with Senator LAUTENBERG, I am introducing legislation, the Musconetcong Wild and Scenic Rivers Act, to designate portions of the Musconetcong River in New Jersey as a component of the National Wild and Scenic Rivers System. I am proud to be joining my New Jersey colleague, Representative SCOTT GARRETT, who has introduced this legislation in the House of Representatives, with the support of Congressmen ROBERT ANDREWS, MICHAEL FERGUSON, RODNEY FRELING-

HUYSEN, ROBERT MENENDEZ, FRANK PALLONE, DONALD PAYNE and JAMES SEXTON.

This is important legislation to help preserve and protect one of the most valuable natural resources in the State of New Jersey. The Musconetcong River is a 43 mile river that runs westward from Lake Musconetcong to the Delaware River. It provides many ecological, recreational and scenic benefits to the northwestern portion of our State. In addition, it is also home to a number of archeological sites and other historic areas, including one site in Warren County where scientists have discovered stone knives and other weapons dating back at least ten thousand years. Finally, it feeds aquifers that provide many residents in Hunterdon and Warren counties with quality drinking water.

Unfortunately, the beauty and value that the Musconetcong provides is at risk. The river faces pressures, for example, from the development that is occurring on or near its shores. This has caused water quality to deteriorate from increased levels of bacteria, silt and runoff from roadways. Further, many of the municipalities that lie along the river lack the financial resources to adequately protect the river for future generations.

The Musconetcong Wild and Scenic Rivers Act would help state, county and local officials begin to address these concerns, working alongside environmental and public interest groups. By including this river in the Wild and Scenic River System, it would allow New Jersey to implement a management plan for the river that has the support of three counties and 13 municipalities. In addition it would make the river eligible for financial, planning, and technical assistance to help preserve and protect it. The goal is to encourage uses and development that is compatible with the river.

The Wild and Scenic River System already includes the Maurice and Great Egg Harbor Rivers in New Jersey as well as the lower and middle portions of the Delaware River.

I will work hard in the 109th Congress to see that the Musconetcong is added to this list. I hope my colleagues will support this legislation, and I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1096
